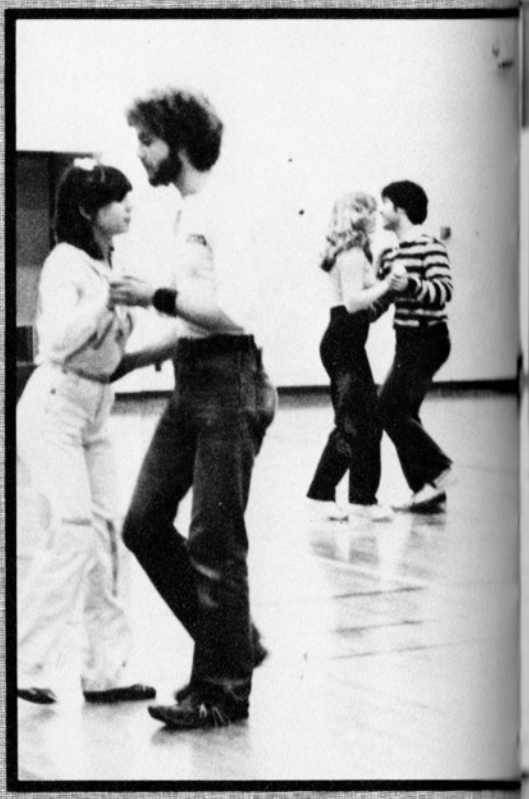
People are so different yet so much the same.

Monalisa.



HALLELUJUAH!!!!!!

Thrill of a Lifetime.

Dear Diary:

At Vic High, I have noticed that there are all kinds of people but they all seem to have the same ideals about their future. They may look different on the outside, but they all seem to want to do things that are meaningful to them whether it be a career in industry, business or music or just to be able to go out with a friend when they want to.

'There are so many different kinds of people here. 'There are tall people, short people, chunky people, skinny people, people who don't speak a word of 'English and people who speak a language that others call 'disgusting', but they all go to the same school. Maybe that's because it really doesn't matter what we look like. It's our needs and maybe our wants that make us what we are . . . people.

"The head bone is connected to the neck bone . . ."

One size fits all.

It takes all kinds of people to make up a society.

I would hate to think what life would be like if we were all identical; if we dressed alike, had the same hair and eye color and spoke with the same accents. Life would be dull and no challenges would exist. We would all shrivel up in a state of conformism, causing our real personalities to be shadowed by those of everyone else. It is so good that we can be who we are and not have to worry about what anyone else thinks.

All kinds of people make up our school . . .

School is a place to meet people; somewhere to encounter new relationships and it's a great way to spend the day if you don't like being bored. 'But it's our friends that make school what it is; they make us laugh and help the time move a little more quickly. If it wasn't for the daily 'experiences' school would become monotonous and a negative impression on us. School is a learning place but what better way to learn than to learn with our friends.

Remember all the happy times

There are alot of good times in our high school years that will linger on in our minds for an eternity for they are the times that will be almost impossible to forget. It's the moments like these, that we spend with our friends and family, that will bring back the memories in later life.

Free time . . .
What would we do without it?

Whether it be two minutes between classes or a cup of coffee at J.J.'s during a free block, we all need our releases. It doesn't really matter how we get it, but without that break here and there, we would all become contained in our self-induced accumulation of stress and tension. Thank goodness for free time . . . What would we do without it?

But back to school time . . . Why do we like school?

There are so many things that happen to us in our younger years that make us stop to think how good life and school can be. The meeting of new people, sharing of experiences, social gatherings and, most of all, graduation, make us all grow up and become more mature. We are all intelligent human beings and school helps us to realize this. Maybe school isn't so bad after all.

Yesterday seems so far away,
Now my friends are all astray;
Memories of the good-ole-days,

Tomorrow becomes today,

Time goes fast and people change,
Much the same as your friends do.

A masterpiece.

Jamming, Cramming.

In November, some Grade 11 Biology classes went to Goldstream Provincial Park. During their visit, they learned of the many species of fish inhabiting the area and of their spawning cycles. They, then, watched a slide show, travelled through the Nature House, and listened to interesting discussions. Afterwards, they went to the streamside while the Grade 12's supervised the elementary students. Although the weather was cold and wet, it turned out to be a most beneficial fieldtrip.

Teenage Jail

Steel reminder
of a crime to pay,
and brick dividers on a lonely day,
rules and orders, times and books,
keys and locks and #%&"¢ cooks.*
With times on the floor crying from pain,
and no one to hear you who feels the same.
But only your friends who feel the way
you do, with no one to help them and see the pain through.
So lost in confusion
and so full of doubt, no way to escape
and no road out.
In a teenage jail,
growing up too fast,
trying to look to the future
but haunted by the past.
Getting too dependent on a
schedule that can't fail.
Just lost hopes; lost kids
stuck in a teenage jail.

Kim Jaundrew

No ones loves school, but no one hates school either.

Sometimes school can be a real drag but other times it is a great experience. There are a whole bunch of things that happen during our high school years that make school worthwhile. Things like essays, tests and homework may make school seem like a jail but the good times always seem to outnumber the bad. The good times make school what it is so who really cares about the bad times.

The Student's 23rd Psalm

The monsters is my teacher
I shall not pass
He destroyeth my notes;
He putteth my gum in the trash can;
He maketh me be quiet and taketh away my candy;
He waketh me up and leadeth me to the office for conducts sake.

Yes, I walk through the halls of knowledge,
I fear great evil,
I have forgotten my homework
His face hardens before me;
My notebook runneth over
Surely mischief and misfortune shall follow me all the days of schooling,
And I shall dwell in the halls of this school forever.

Preparing for the future . . . striving for excellence.

As most people already know, Vic High is highly recognized for it's superb technical program. Every year the skills taught seem to become more and more advanced and this school year has been no exception. The many students involved in these excellent programs have worked hard to be the best that they possibly can be and are becoming richer for their efforts in both material gains and personal satisfaction.

ESL's . . . Could we be learning from them?

We are all living in a multicultured world; why should school be any different? As time progresses, non English people blend in with those who are English but during this process they leave a little of their customs and heritage with us; much like a transfer. ESL's are really no different than we are, except for the fact that they speak a different language. We are all the brothers and sisters of each other so what does it matter what language we speak or where we were born?

The silhouette of life

To glance towards freedom
and see a believing sight,
whether it is peaceful,

Would be blessed, if only
everyone had the chance.
But life is a silhouette, and
only the shadow is always happy.

Lost
In memory of Tamara

Another life is over,
Another tear is shed,
Another empty space
That will never be fed.
Another dream is over,
The flower will soon die,
Another love is gone
And now you're asking why?
Another night is over,
Another price to pay,
Another door is closing,
Please help me find my way.

The Dream

Don't cry new honey.
I hear the rain coming back,
I see the fog rolling back towards the bay.

You can run little one.
It's over the dream
The Dream of Riches,
Or winning a land of sunset beaches,
and hallowed shells, that sigh in the night.

So run along now honey,
but always remember . . .
Dreams never die, unless the dreamer kills them.

In the Gardens of the Unicorns

There is a place
where gardens are tended by unicorns;
Light pink clouds that glitter into gold
and fall as a magic dust over the mass of colored land.
Trees grow strong with their leaves and blossoms rustling
in the wind.

They are forever full of life;
forever they whisper to the unicorns
at dusk, the many unicorns come to rest their pretty
heads amongst the flowers at the foot of the trees.
After a long days gardening, there remains a trace of
golden dust upon their hooves.
It is far beyond the hand of a human that a garden
could be made more beautiful.

The dewdrops form lightly; each with it's own personality
as it trickles away from the morning light.
The unicorns awaken, prepared for the new day as it
just beginning.
They must carry the crystal clear water from the ponds
and awaken the flowers.
With a single tap of the unicorns horn
the flower greets the lovely morning sky.
Full of wholesome spirit and freedom, the
unicorns dance and lay to celebrate the day for
it will never come again.
Gently they step in and out of the bright colors,
bowing to every living thing: a greeting.

Doves flutter above in a mist (and of their own as
they play games with a fluffy white feather caught up
and dancing in the wind).
Love never leaves anyone who visits the gardens
of the unicorns.
The pleasure and happiness they've absorbed will
forever intensify deep within the heart.

Jennifer Gillingham

"Only Love"

We only give love
To take or to give,
And without that love,
We'd rather not live.

When someone we love
Is taken away,
It scars our hearts
And it won't go away.

We are reminded
Each day that goes past,
Of the love that we lost
when that life didn't last.

So only with love
Can we learn to go on,
'cause soon we'll be with them;
A life's never long.

Laurinda Perry

Melancholy
weeping silently
under clouded skies;
walking wet and wondering
the purpose of the pitted black depths
I'm bogged down in.

Television's idol man,
perhaps the cowboy God,
strutting, as if perfection
is his middle name,
actually never dreams, but
saves for the meticulous
self-portraits embossed upon his mind.

Dust lasers
do rainbow dances
on my sleepfrosted eyes and
I awake to find the words of a drunken lover
stale upon my pillow;
she didn't stay to greet the dawn.

Time

The years slowly fade by,
Memories are forgotten.

People have come and people have gone,
Love lingers,
But lovers have been forgotten.

What is the meaning of life?

Why are we present?

Time will shed some light they say,
But no time is left,
We are old and dying,
Yet we know not why.

Maybe there will be more time,
On the otherside.

We pass over,

The years slowly fade by . . .

Steve Chau

"Time"

Time, like an aged and knowledgable
herb woman,
holds the cure for all things.
This strange occurrence, by many, has been described
and often as not as an old and withered man.
But, I see it as the cure to all
man's problems.
For does not time cure broken
hearts?
Does it not have the power to
mend all our hurts?
So when I'm asked to depict time,
I simply recall to mind an
old mid-wife I met once
who claimed to have a curing
herb for every illness of the
heart and soul.
Time, the great healer.

To Coleman,
The infant that made all my
dreams come true.

Sixteen

A year to remember,
A year to forget,
Many a good time,
Yet some to regret;
A year of emotions,
Of looking inside,
And finding the truth
For childhood has died.
A year of decisions
Some made were not right,
Yet learn from mistakes
Don't hide from the light.
A year of exploring
To find love that's real;
Is sixteen too young
to know how you feel?
A year full of hurting,
Of scars in the heart;
Scars planted so deep,
They'll never depart.
A year of confusion,
No longer a child;
A time for laughter,
Last chance to be wild.
A year for accepting
the good with the bad,
And understanding
the hardships you've had.
A year full of dreaming
of future and past,
The mysteries of life,
And of memories that last.
A year made for learning,
To set your hair free,
Hold onto the cross,
And let it all be.

Administration

On behalf of the staff and students, I would like to thank Mr. Chan and the students of the yearbook staff for producing this fine record of memories.

Also, I would like to congratulate you on the theme you have chosen this year — "Look At Us". As we look through the yearbook, over the years, we will remember friendships made, events attended and teachers' dedication.

I trust that as you 'look at us', you will have fond memories of your school and a feeling that your school served you well.

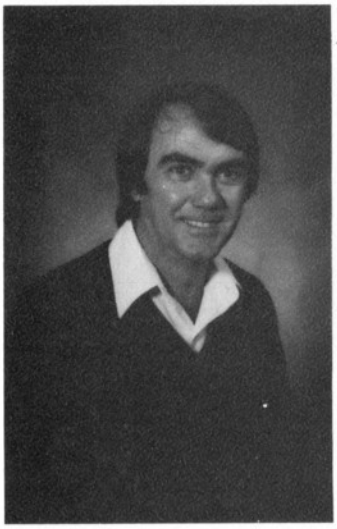
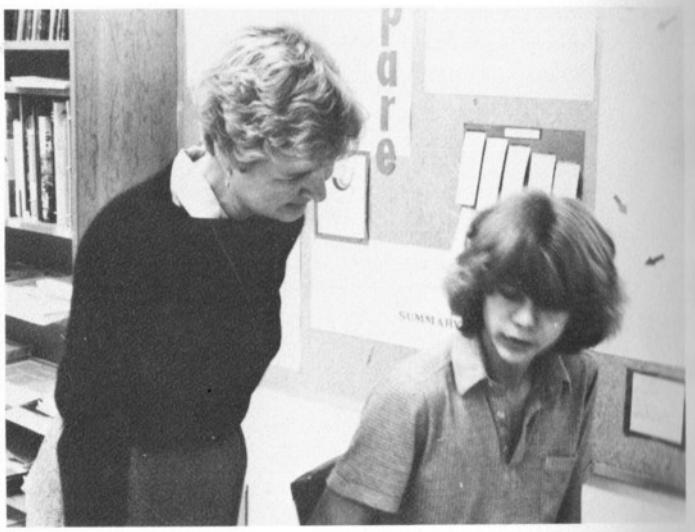
Choices Terminal





"It's your own choice!"

This year's theme, "Look At Us", is a most appropriate one, as we examine our past, view our present, and try to visualize our future. Our past, as a school, is an illustrious one — one hundred seven years of contribution to this community. "Come Give A Cheer", written by Peter Smith (VHS 1949) for the 1976 Centennial, provides a vivid picture of our past trials and glories. Our present is well represented by this excellent publication of the "Camosun". As you turn its pages, this year's activities will flash before your eyes. As to the future, it is up to each one of us to see that we continue to grow as people and contribute to the world around us in a significant manner. As Ralph Waldo Emerson said, "What lies behind us and and what lies before us are tiny matters compared to what lies within us." Congratulations, and best wishes to all our graduates.

The Grads of "83"

The feeling we have is one of pride
As we, the grads, stand side by side.

Memories of the years now past,
Where they have gone and why so fast.

One wonders what the future brings;
health, happiness, and real nice things.

One day at a time is all you can do;
One day at a time and you'll make it through.

The cap and gown you have just received,
without good teachers you may not have achieved.

So thanks to those teachers who led the way;
It is through them, we enjoy this day.

This is our day for all to see,
We . . . the proud grads of "83".

JODY AVRAM: 'Jo' thinks this school is great but also thinks some people are snotty. Her hobbies are swimming and reading and she was involved in choir this year. Her reason for going to school is to learn (unlike a lot of people). Jody thinks Scott Baio is a perfect 10.

MICKEY BAKALAK: Mickey likes Vic High for its lunch times but he dislikes everything else about it. His hobbies are riding motorcycles (Harley Davidson, of course) and sleeping in. He plans to open a Harley repair shop with his friend and be in the wind (??). His last words to the undergrads are Good Luck.

CHAN BANH: Chan likes Vic High very much. She enjoys the people and likes the teachers here. Chan isn't quite sure yet what she is going to do in the future, but we all wish her the best.

ROSA BAPTISTA: Rosa likes Vic High because she gets along with almost everyone here. Her hobbies are art, badminton and reading, and she participated in many things including the Sky Club, and the Grad Committee. Rosa's last words to the undergrads are, "If you feel like committing suicide, take History 12."

ROBBIE BARBER: Robbie dislikes Vic High for lack of school spirit. His hobbies are skating and working at the Arena. He was involved in choir, soccer, and he was a member of the Calamity Players. His most memorable moment was going on a trip to Kamloops with the school, but unfortunately for Rob, Bo Derek (his perfect 10) couldn't be located to join him.

She likes herself for not smoking and drinking and plans to find a job. Her last words to the undergrads are, the very original, Good Luck.

SHERRY BEASTALL: "Bee" had a great time at Vic High but is certainly glad her time is done. She could always be found laughing somewhere or another. Sherry lists volleyball as one of her favorite activities, especially the guy's teams. She claims she dreams ice cream in her sleep. Have a great one Sherry!!

BRIAN BECKETT: Brian's year was full of computers, computers, computers, and lacrosse. He thinks getting out at 2:30 is one of the best things about Vic High. (Don't we all!!) Brian wants to play goalie for the Shamrocks, and says to the undergrads: Good luck and make the best of your last year.

JASON BOLAND: Hope you had a good time at Vic High, Jason. How come we never heard from you? Hope your life goes well.

TRACEY BELL: Hi, Tracey!! What happened to your Grad Questionnaire?? Have a good time, and good luck with whatever you plan to do with your life.

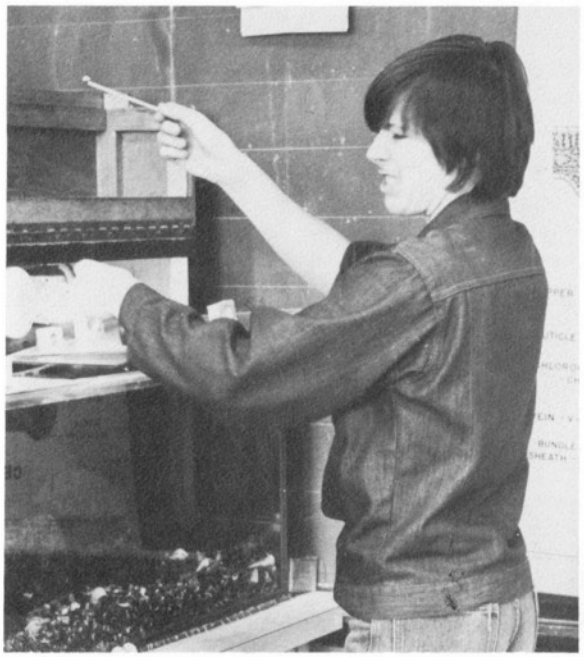
TOM BENDTSEN: Tom didn't have too much to say this year, but you could always find him around somewhere. He was involved in his classes, playing the guitar, painting and going out on weekends. He was also into RUSH (in big capital letters). Tom's most memorable moments were the end of last year, and hopefully the end of this year when he graduates.

KEVIN BERG: "What a Berg" was our 1982-83 Miss Camosun winner. His (her) hobbies are cycling, fishing, partying and watching Miss A. The only things that he seems to like about himself are his bra and makeup (really Kevin??) and he dislikes compulsory English 12. His plans for the future are to become a carpenter or woodworker. See ya Kev!!

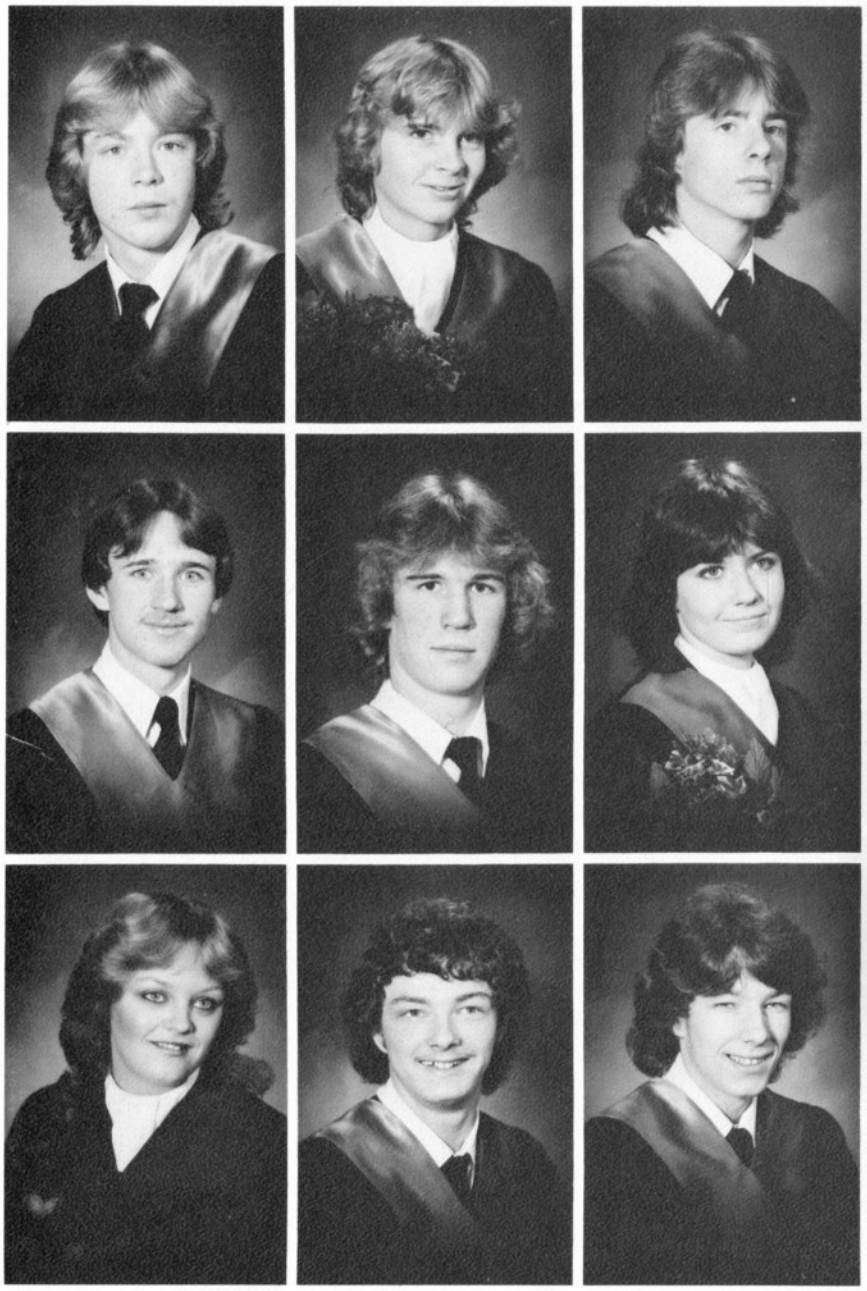
TAMMY BHANDAR: Tammy was this year's president of the student council. She claims her most memorable moments at Vic High were Mr. Lowther's announcements. Tammy's not quite sure what she's going to do in the future, but we think she'll get a doctrate in trivial facts. Tammy's advice? Don't let the Grade 11's work on your yearbook.

STEVE BLACK: "Whiticks" thinks that the school days should be shorter. He hopes to be a welder when he graduates. Steve's hobbies include playing hockey and spending time in the I. E. Building. He also enjoys working on cars in his spare time. His advice to the undergrads is to graduate. Good luck in the future, Steve.

He's fishing for a lake.



"Trying to tame your piranha?"



JASON BOLAND: Jason claims his only reason for being at Vic High is to "Get his piece of Paper." He enjoys the people and the parties here, and is still looking for his perfect 10 (Look out girls). Jason's advice to the undergrads is to "KEEP PARTYING"!

PAIGE BORTHWICK: Paige will be remembered for a few things she did this year; somehow, she always managed to get the best of a certain K.T., and even though she was on our Grad Committee for awhile, she never handed in the questionnaire that she helped to write. Smile Paige!!

ALLAN BOYCE: Allan enjoyed the parties the best at Vic High. He proudly told us that he got his nickname "Boyce-Aholic" from the parking lot on Friday afternoons. He enjoys his ability to make it from weekend to weekend, and considers his most memorable moment here to be cutting his leg with a skill saw. (You call that skill, Al?)

TREVOR BRADBURY: 'T.R.' was involved in the ski and outdoors clubs this year, and thinks that Vic High is the best out of four schools that he's been to. His plan for the future is to get into some sort of electronics. Trevor would like to tell the undergrads to stay in school, and get involved in as many activities as you can.

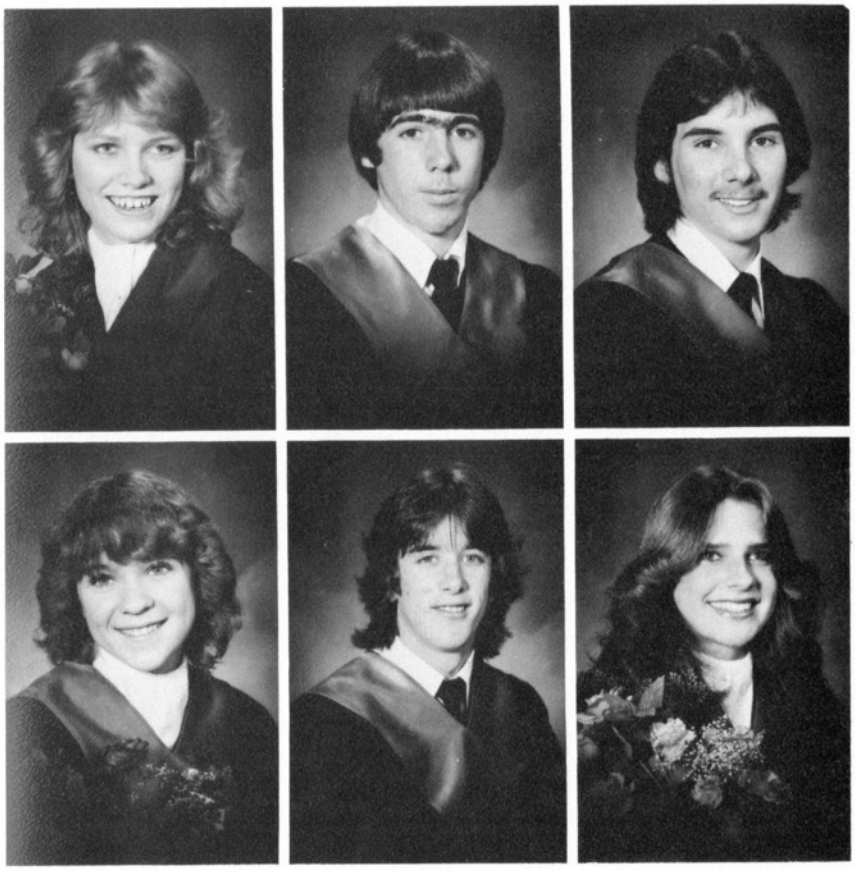
PAUL BRADY: The 'no nickname man' enjoys parking lot parties, and being tall with blonde hair. (Is that supposed to be a hint about the hobbies that you couldn't tell us, Paul?). His most memorable moment was going to the WHO concert in Seattle. Paul's advice to the undergrads? — Don't come to any Grad Parties!

TRACY BROCK: Unfortunately, Tracy didn't seem to want to tell us anything about herself and what she does. We did manage to find out that she is the proud owner of the yellow sports car you may see speeding around school every now and then. We also found out that Tracy can be pretty grouchy when she has to get up early Saturday morning to work. Good luck, Tracy!

LIZ BROOKMAN: Liz's hobbies include drinking, partying, guys, and art, but definitely not HID 12. She is really looking forward to graduation so she can get out of here. Liz's plans for the future are to get rich quick and "not share it with nobody". She plans to go visit 'Scrooge' next Christmas. Have fun Liz!

MIKE BROWN: Mike had a good time while it lasted, but he is really glad that it's finished. He likes to work on cars and spent most of his time over at the I.E. building and down at J.J.'s. For some reason, unknown to the rest of us, Mike is known as the 'Brown Cow', because of a bike trip up island. So far, Mike plans on becoming a UIC beach bum when school gets out.

RON BROWN: Unlike his brother, Ron decided to go on to bigger and better things before he's finished here. He loved his foods classes though because he says he really loves to cook. In fact, Ron wants to become a famous chef one day.



SYLVIA BRUNS: Somewhere in this great school of ours, wanders a girl named Sylvia Bruns, who unfortunately, did not find the time to hand in her grad questionnaire. Good luck, any ways, Sylvia.

JEFF BURCK: Jeff decided not to leave us in a flash of glory: in other words, he didn't have too much to say. He was involved with soccer and the 2:30 bell at Vic High. Jeff plans to get a good paying job and his last words to the undergrads are "Keep Vic High number one!"

KEN BURTON: Ken was in carpentry, photography and listening to KISW this year, although for some reason, he claims he didn't do too much. Ken's perfect 10 is the mysterious L.G. He could usually be found somewhere around the shops. Eventually, Ken plans to get a good job and hopefully marry his mystery woman. Good luck!

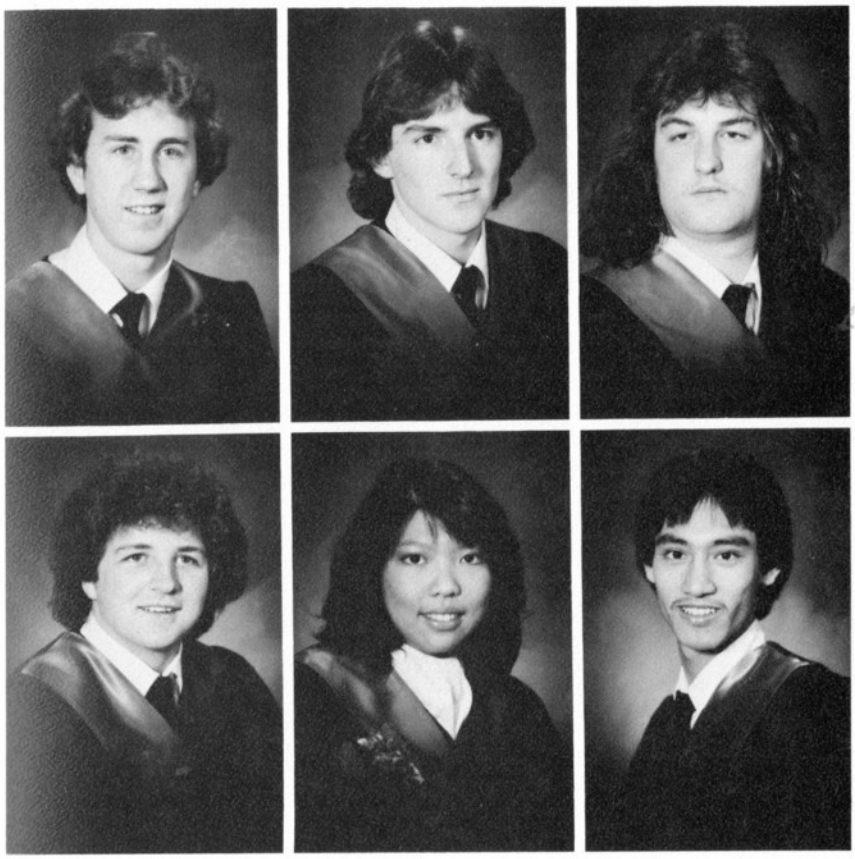
EDNA CARLSON: "Eddi" likes people and parties, as most of us who know her, are already aware. She could be found playing softball, or horseback riding. Ed's most memorable moments were too unmentionable to be printed. She plans on becoming a dietary consultant or a kindergarten teacher. See you in the sun, Edna!



ROBIN CARLYLE: "Squig" enjoys trying to erase his nickname off grad questionnaires, but unfortunately for him, we have good eyes. He was involved in football, skiing and baseball. The best time he had was going to see the Who in Seattle. Rob plans to become an extremely rich airline pilot and says good luck to the undergrads, "You're going to need it!".

DARRYL CHALK: Needless to say, Darryl likes the parties at Vic High, but thinks we have too many fire drills. He enjoys working on his car, and relieving the boredom by going to school (Great enthusiasm!!) Darryl plans to go to Hawaii in the future. Hope you get a good tan, Darryl!

SCOTT CHALMERS: "Chompers" really likes the people and parties at Vic High. He was fully involved in being radical and partying this year, and he feels he is great, perfect, and original. We hope to see Scott at a lot of grad parties, unfortunately, he's planning on not being able to see anyone, "Keep the High in Vic High the highest above all!!!"

BRIAN CHAMPOUX: Brian was pretty quiet around the school this year, we didn't see or hear from him. We did manage to find out that Brian is very involved in his own business, or was at the time we found out anyways. Good luck with it Brian!

LILY CHAN: Lily likes the exit signs at Vic High because she claims they light up the halls. Her hobbies include watching a CRT, tennis, music, sewing, and creating major catastrophies. Lily's reason for going to school is simple; she wants that little scroll and she loves the holidays, because, then, she can spend time with her perfect 10, Iggy.

JERRY CHAN: Jerry was a member of the very popular group, "the chincy-grad-questionnaire filler-outers". He claims he is going to school to learn more knowledge and English. He is proud of the fact that he is able to handle difficult things well (except for grad questionnaires).

DARRYL CHEN: Darryl liked the teachers and his friends at Vic High this year, and was an avid member of the Vic High Sailing Club. Hopefully Darryl will graduate from UBC as an engineering architect. MIKE STARKEY: We tried very hard to read Mike's nickname under all the scribbling, but we just couldn't do it. When asked about his plans for the future, he answered, "Plans????", so we guess that means that Mike is going to be spending a bit more time in the parking lot driver training club, looking for his perfect 10.

ANGELA STEINWENDER: "Spainoodle" thinks good ole VHS is "cooold", thanks to Mr. Vanderzalm, and is one of the few people who doesn't mind climbing the stairs. Someday, Angela hopes to conquer the world, then . . . the universe. Good luck, we think . . .?

GABRIELA STEINWENDER: 'Gabby' can be seen bombing around in her jeep or else just having some good old fashioned fun. Someday she hopes to have a rich and happy life, and thinks "everyone will make it if they keep on trying."

IVAN STEFANI: Ivan enjoys sitting around the parking lot, and playing floor hockey. He claims he has good taste, but what does he know, he likes Cherly Ladd, (he thinks she's a ten) "Ive"'s most memorable moment was when he failed two terms, but ended up passing the year anyways.

Timber . . . .!

Conscientious Carpenters.

JEFF STINSON: "Bob" plans to be an electrician in the future and that is why he is going to school. His hobbies include drinking and soccer. Jeff's perfect ten is who else but L.P. He advises the undergrads to "keep going, you might get something out of it".

BRIAN STORZAK: Brian, or "Squid" likes the people at our fabulous school, but he thinks there aren't enough elevators(??). His hobbies are his girlfriend, skiing, and playing the guitar. Squid is proud of his ability to drink a great amount of beer in a single gulp. He plans to enter law school, become a lawyer, and get very rich.

LARRY STOVEL: Larry could usually be seen having a good time somewhere. He enjoyed the beer gardens in the parking lot and throwing the frisbee around in the sun. Have a good grad, Larry!

AMIN TAM: Amin, or "Curly" as his friends call him, enjoys the teachers at Vic High, exercising and playing on the Ping Pong team. Amin goes to school so his future will be a little bit brighter, and so that he can take drafting courses. His advice to the undergrads is to study hard, and be polite.

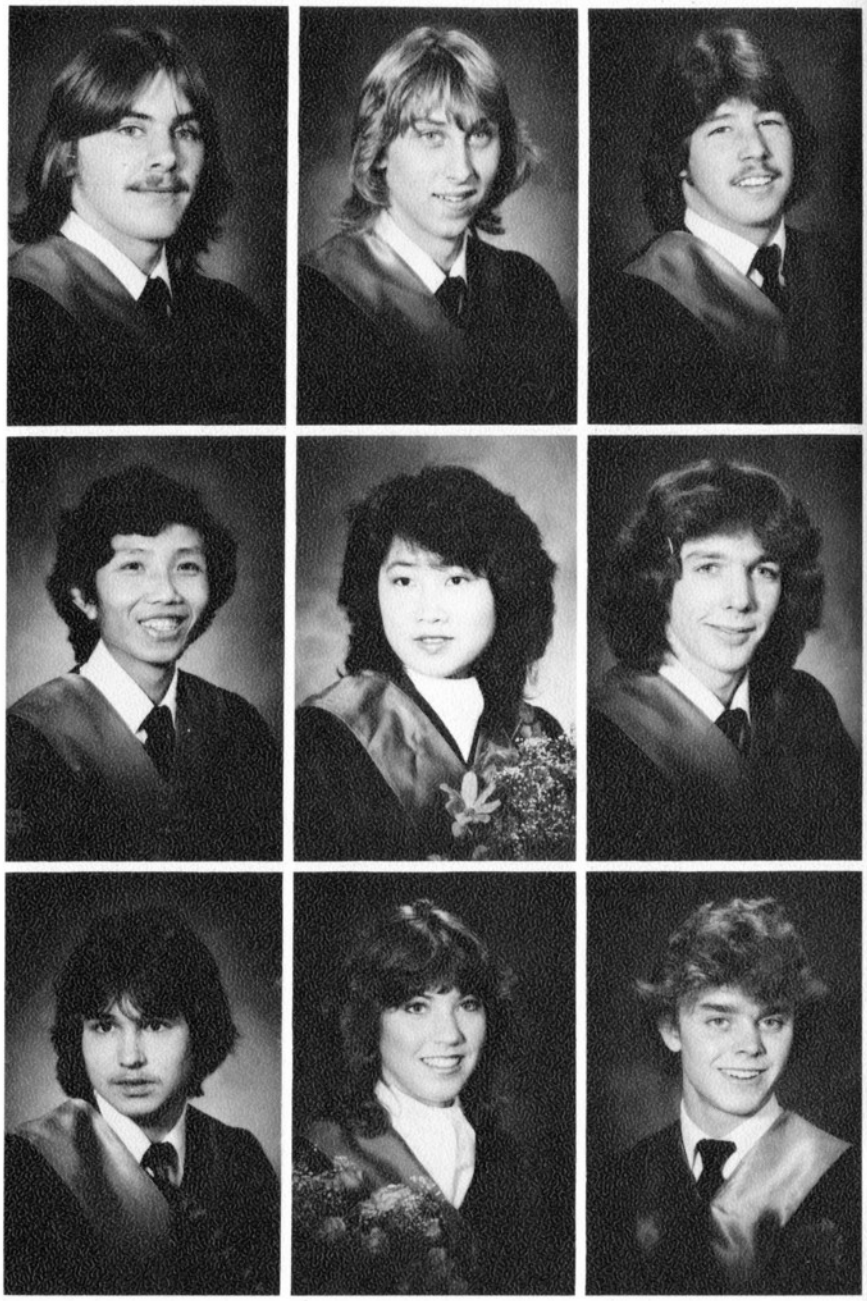
CINDY TANG: Well, we sure hope Cindy had a good time at Vic High, but unfortunately, she had nothing to tell us. Good luck, Cindy.

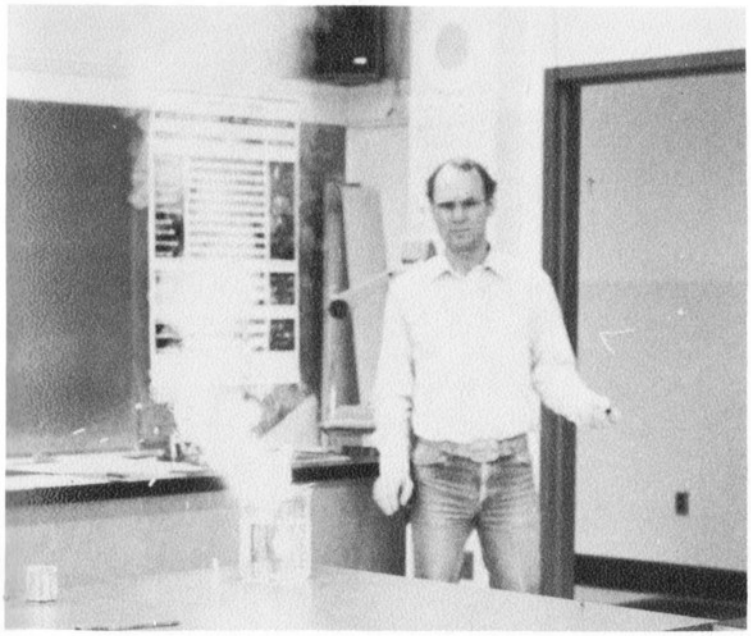
ALLAN TAYLOR: Al, or "Face", could usually be seen bumming around somewhere or another. He likes to party, and he's had a few good ones, himself. Allan was into Carpentry for the last couple of years. Have a good one, Al!

KELLY TAYLOR: "Neuch" likes the 2:30 bell, but really hates the 8:30 one. He enjoys parties and masochism . . . hmmm. Kelly says that he is going to school because there are no jobs around, but he hopes to get a good one after he graduates so that he can "keep drinking out of those little brown bottles."

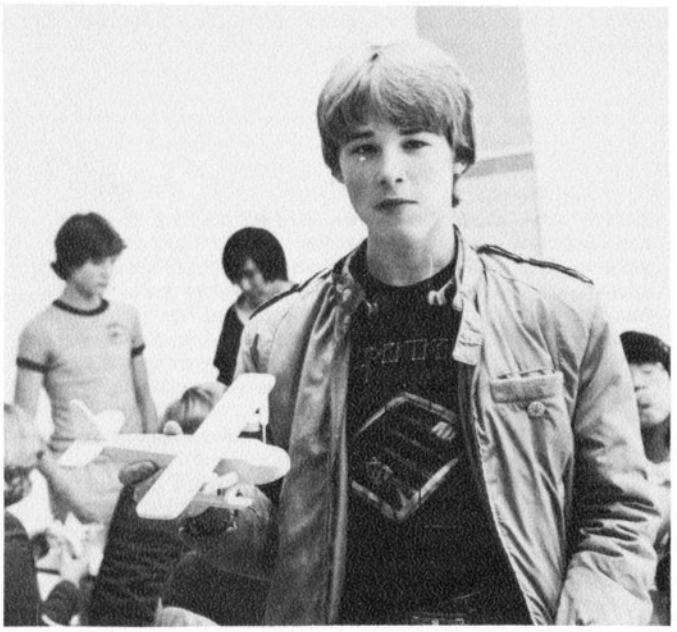
DIANE THIMSEN: "Stretch" (she got her nickname from her short friend F.P.) enjoys eating and playing volleyball. Kermit the Frog rates as her top guy, so look out Miss Piggy. Diane plans to become a physiotherapist, someday. Good luck!

BEN THOMAS: "John" was into cannibalism, and diamond cutting. He hopes to find some sort of spiritual enlightenment here at Vic High. (Have you tried looking between your toes, Ben?) Someday Ben plans to die, so he would like to tell the undergrads to "stop picking your nose!"

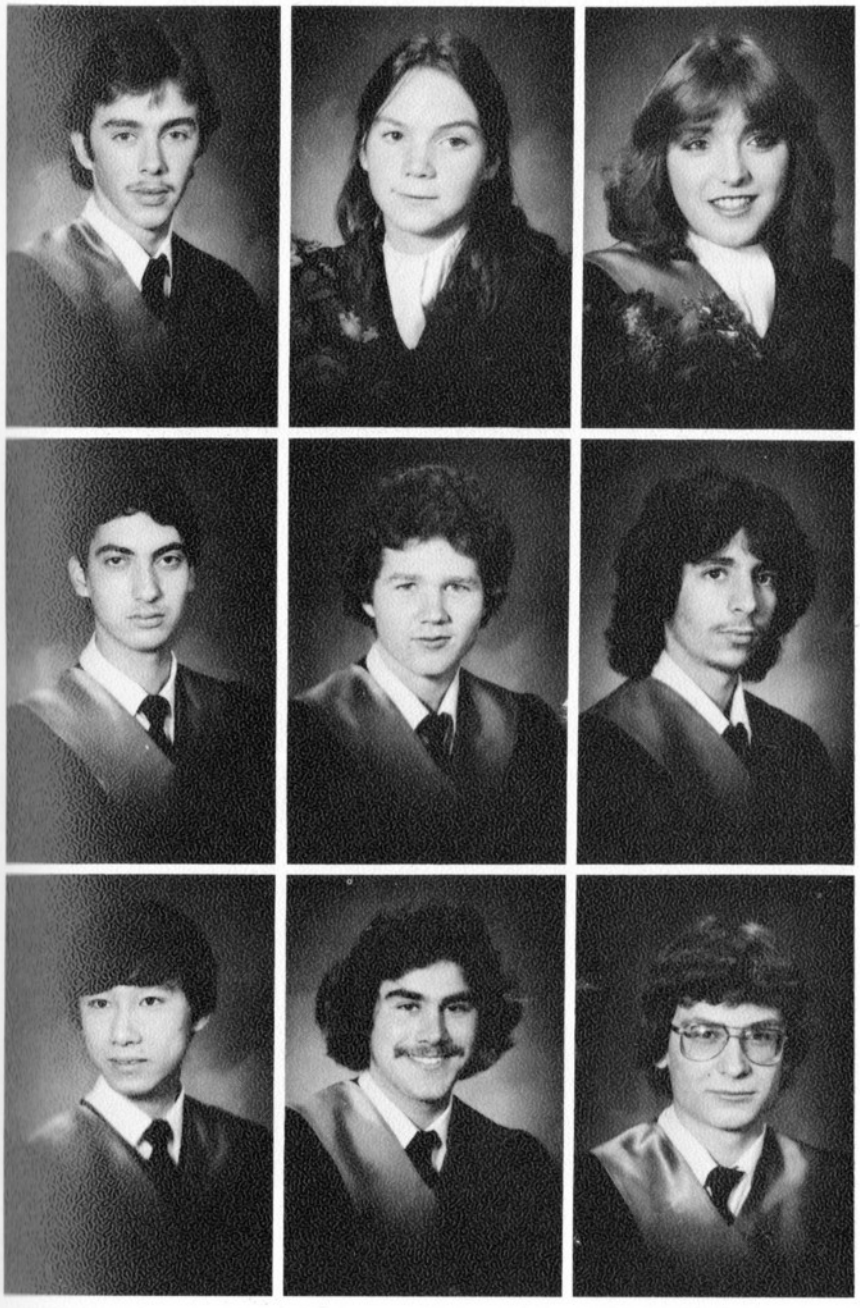




Warm-up.



Plays with Toys?



JAKE THOMAS: Jake could usually be found either in the parking lot or at J.J.'s plugging quarters into the pinball machine. That's about all we know as Jake forgot to hand in the questionnaire. Good luck, Jake!

DEBBY THOMPSON: "Gonad" got her name from the metamorphosis to a conehead. Her hobby is molesting mailmen and her most memorable moment was getting out of Mr. H.'s class. Her plans for the future include soliciting oranges. To the undergrads she says "phone Zenith 1234".

NADINE THOMSON: "Deani" likes Vic High because of the parties and because her perfect 10, C.H. goes here too. Her hobbies include the Video craze and being with C.H. Her plans for the future are to get a job and spend her money. Keep on smiling, Nadine!

JIM TRIKERIOTIS: Jim, also known as "Tricky Jim", "Army", or "Monroe", really enjoys the gym at Vic High, but says he dislikes 99% of the population (what a party pooper). His one and only hobby is cycling and his plans for the future include graduating and buying 2 more bicycles.

MIKE TROTTER: "Tricks" likes the fact that Victoria's party school (Vic High) is so close to his house. His hobbies include hockey, swimming, partying, sleeping and "hamming it up on C.B. radios". His plans for the future are to live long and travel, and his advice to the undergrads is "have fun"! Same to you, Mike!

JOE TROZZO: Joe says he likes the shop courses, but dislikes the academic courses at Vic High. This year he was involved in keeping Vic High-high and says that what he likes about himself is his ability to totally confuse a person, logically. Included in his plans for the future is finding Shangri-la. Best of luck to you, Joe!

KIT TSOI: Kit likes the girls at Vic High and dislikes nothing. His hobby is riding his motorcycle and in the future he would like to travel around the world on it. His perfect 10 is D.G. and his advice to the undergrads is to get a motorcycle, before it's too late! Good luck, Kit.

MIKE TURNBULL: Mike was one of the brave young men who participated in the Miss Camosun Pageant this year (nice legs, Mike). His hobbies include hockey, parties, dressing up in women's clothes and girls. His plans for the future include a visit to all the bars, and his advice to the undergrads is "Party Hardy"!

GEORGE URBANIAK: "Crazy George" got his nickname from "doing crazy things". As for why he's going to school, he says "I haven't figured that out yet", but we know he likes working on cars and electronic projects, and hopes to become an electronic engineer. His advice to the undergrads was censored but thanks anyway, George.

BALVINDER VAID: "Bhola" was involved with knitting, playing volleyball, and driving around in her car. She can't wait to graduate, and says that will be her most memorable moment. Someday Balvinder hopes to become a secretary and a millionaire. (Maybe she's planning to marry the boss??)

DAVID VanHOEKE: "Hoeke" really liked cycling, hockey, football, and basketball; a real jock. Dave is going to school to "further enrich his knowledge in chosen subjects," so that someday he may become filthy rich.

DAVE VICKERS: "Fozzy's" hobbies are welding, working on cars, and fixing bikes. His perfect 10 is Mr. B., because he wasn't the one who nailed him for breaking the rules. Dave plans to get a good job that pays over 20$ an hour (good luck), and tells the undergrads to keep on truckin'.

EDDIE VIETES: "Spic" enjoys girls, soccer, and reading all the writing on the walls. Someday Ed hopes to become a gold medalist in the 1 mile run, and a doctor at the same time. Eddie's advice to the undergrads is "Win the Colonist Cup, and keep up our winning reputation."

MAUREEN VIPOND: This active Student's Council member forget to hand in her grad questionnaire. Good luck anyways, Mo, hope you make it!

KATHY VISY: Kathy will be remembered for being crazy and always smiling. She is very much into art and sports, and in so many clubs there isn't enough room to list them. Kath would like to tell the undergrads that "when the end is finally here (grade 12), you'll really miss it."

HIEN VO: This future engineer's hobbies this year included skipping out, and not too much else. "John" is going to school to have some fun, and to see his perfect 10, Mr. B. This modest guy thinks his best features are his looks and his body; in other words, everything. John tells the undergrads to "Enjoy yourself".

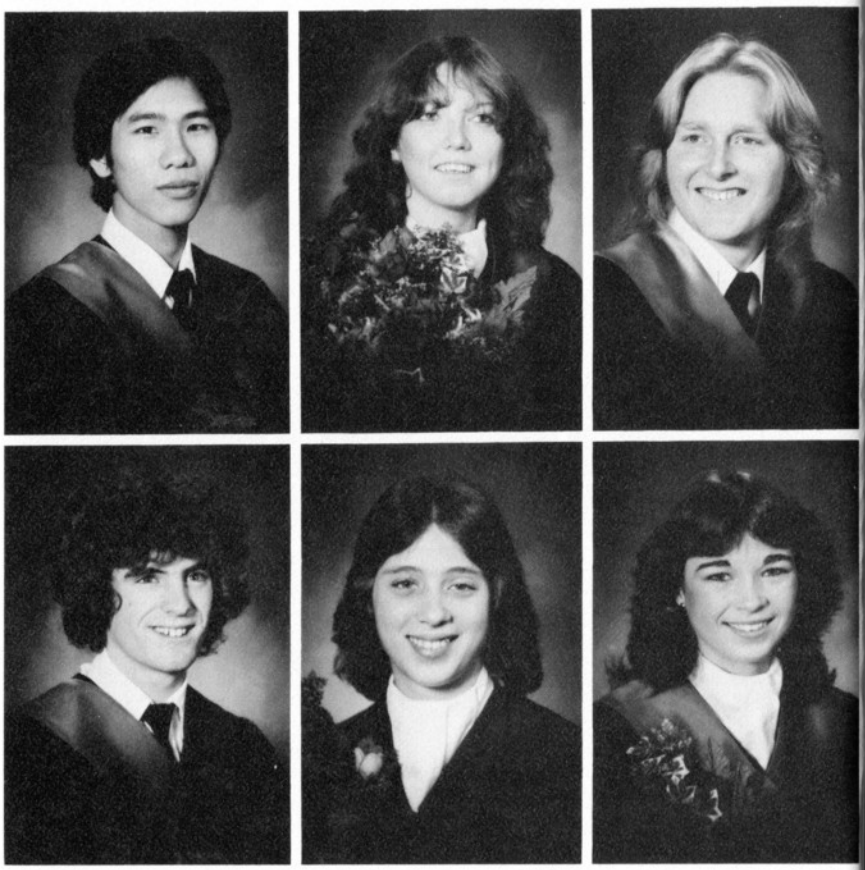
VIVIAN VO: 'Viv' was very involved in learning other languages (chinese) and cooking. Someday she hopes to try to get into the police academy, mainly because they have elevators in their buildings, and she finds it very tiring climbing up stairs all the time. Hubby, John Vo is her perfect ten.

EVAN WAITE: Evan liked everything about Vic High. His perfect ten is, who else but, Nancy. Ev was attending school because "Bill Vanderzalm says I must!!" His future plan is to own his own car lot, and, finally, sell the lemons to someone else. Ev would like to tell the undergrads, not to skip out, or you'll end up on the three year plan.

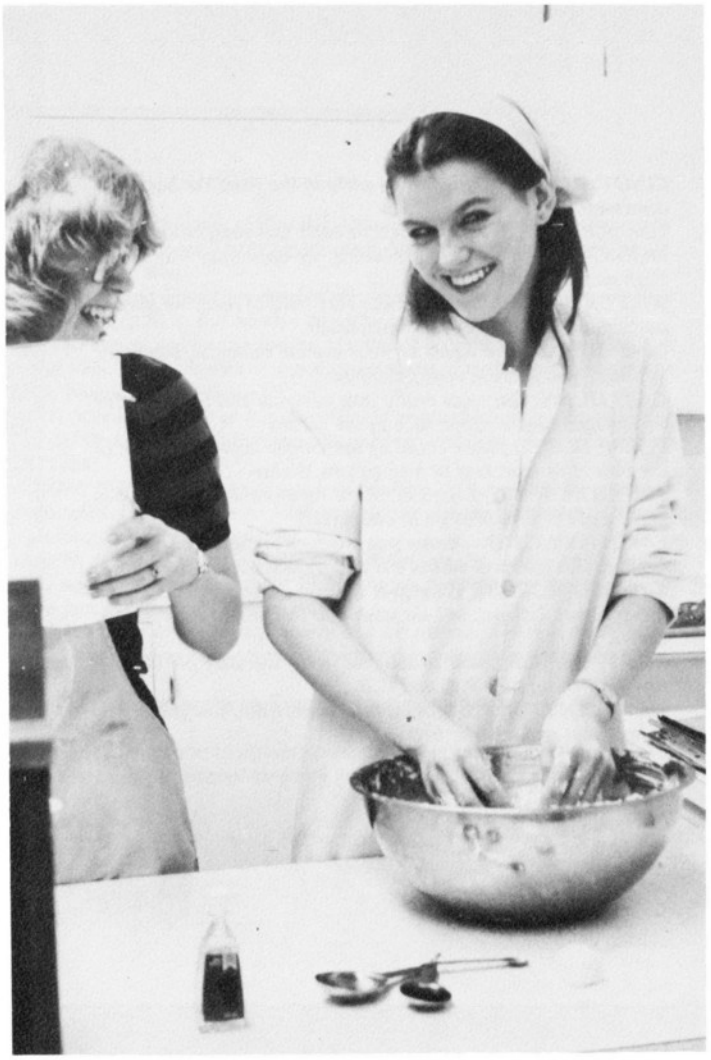
DUFF WARNOCK: Duff likes people, and the Vic High spirit. He enjoys skiing and partying. Duff is going to school to grad and to see his perfect ten, 9 + 1. His most memorable moment was when Tom dropped his adidas bag on a teacher's head. Good luck, Duff.

KARLA WENZEL: Karla enjoys woodwork, and her hobbies include bowling and soccer. She was very involved in sports. She considers her perfect ten to be Mr. S. (lucky guy) and her plans for the future are to get a good job and move out.

DIANE WINTER: Diane likes the appearance of the outside of the school, but isn't too crazy about the inside. She enjoys music, partying, sleeping, badminton, tennis, and guys, but definitely not homework. 'Di' plans to get married and get a job. She would like to tell the undergrads to take it easy, and make your last year the best!



Tough Test.



The Happy Cooker.

GORDON WISE: "Fish-eyes" enjoys all the fire drills (ever mysteriously, found purple dye on your hands?) but thinks the arctic weather around the school is for the birds. He's into heavy metal and polygamy (he seems to have a lot of perfect tens). Good luck, Gordon.

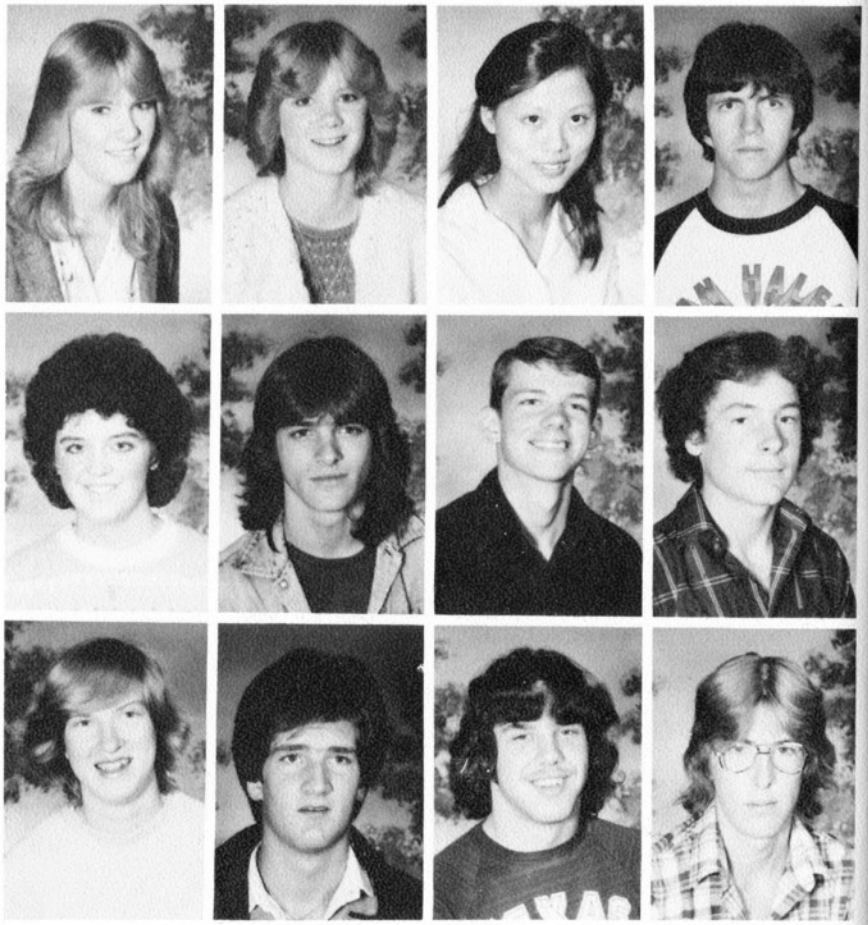
JASON WON: "Prep" dislikes Vic High's cafeteria; he also claims it looks like a giant washroom. His hobbies are badminton and drinking beer. He was a member of the volleyball team, and he will always remember going to Prince George for the B.C. championships. "Prep" wants to move to Hawaii and sell imitation pineapples to the natives.

DAVID WONG: This quiet and unassuming guy turns into a kamikazi when he gets on the field, so his friends gave him the nickname of "Tiger". He loves sports and the fact that he lives close to the school. He tells the undergrads to "enjoy yourselves while you can and good luck."

LYNDA WONG: Lynda was involved in badminton this year, as well as being a rep. for Student's Council. She also was an avid fan of the 2:30 bell, and Mr. C. "Keep lots of sweaters in your locker so you don't get frost bite" is her advice to the undergrads.

RICHARD WONG: Rich really enjoys the IE shops, but can't stand the clocks around school, because they are never set at the right times. He is really looking forward to his last day of school.

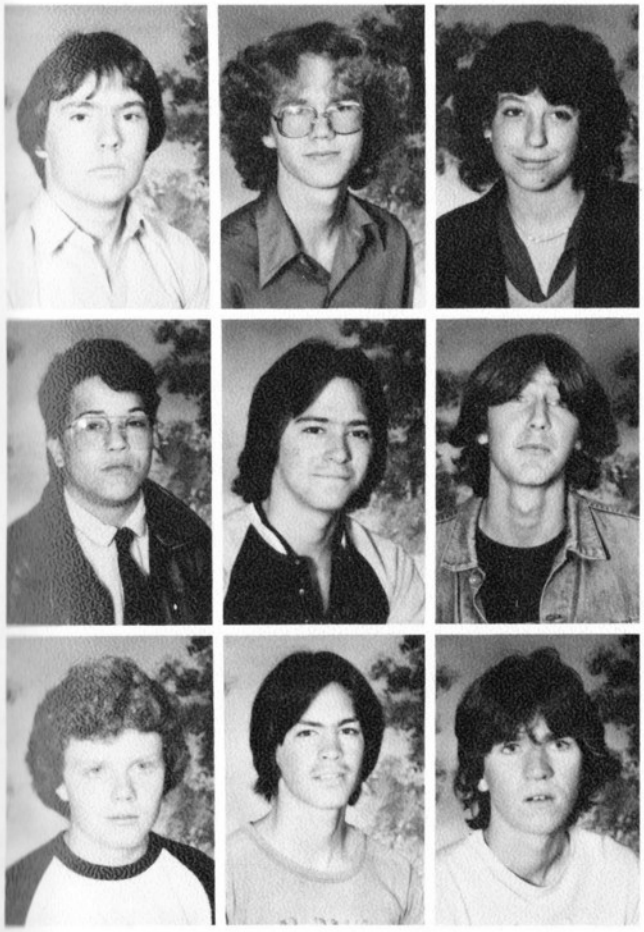
GLENN WOOLFORD: "Needlenose's" plans for the future are to live off UIC and be a beach bum and his hobbies include music and mud wrestling. (really?) Glenn's advice to the undergrads is to quit school and join the army. Good luck!!



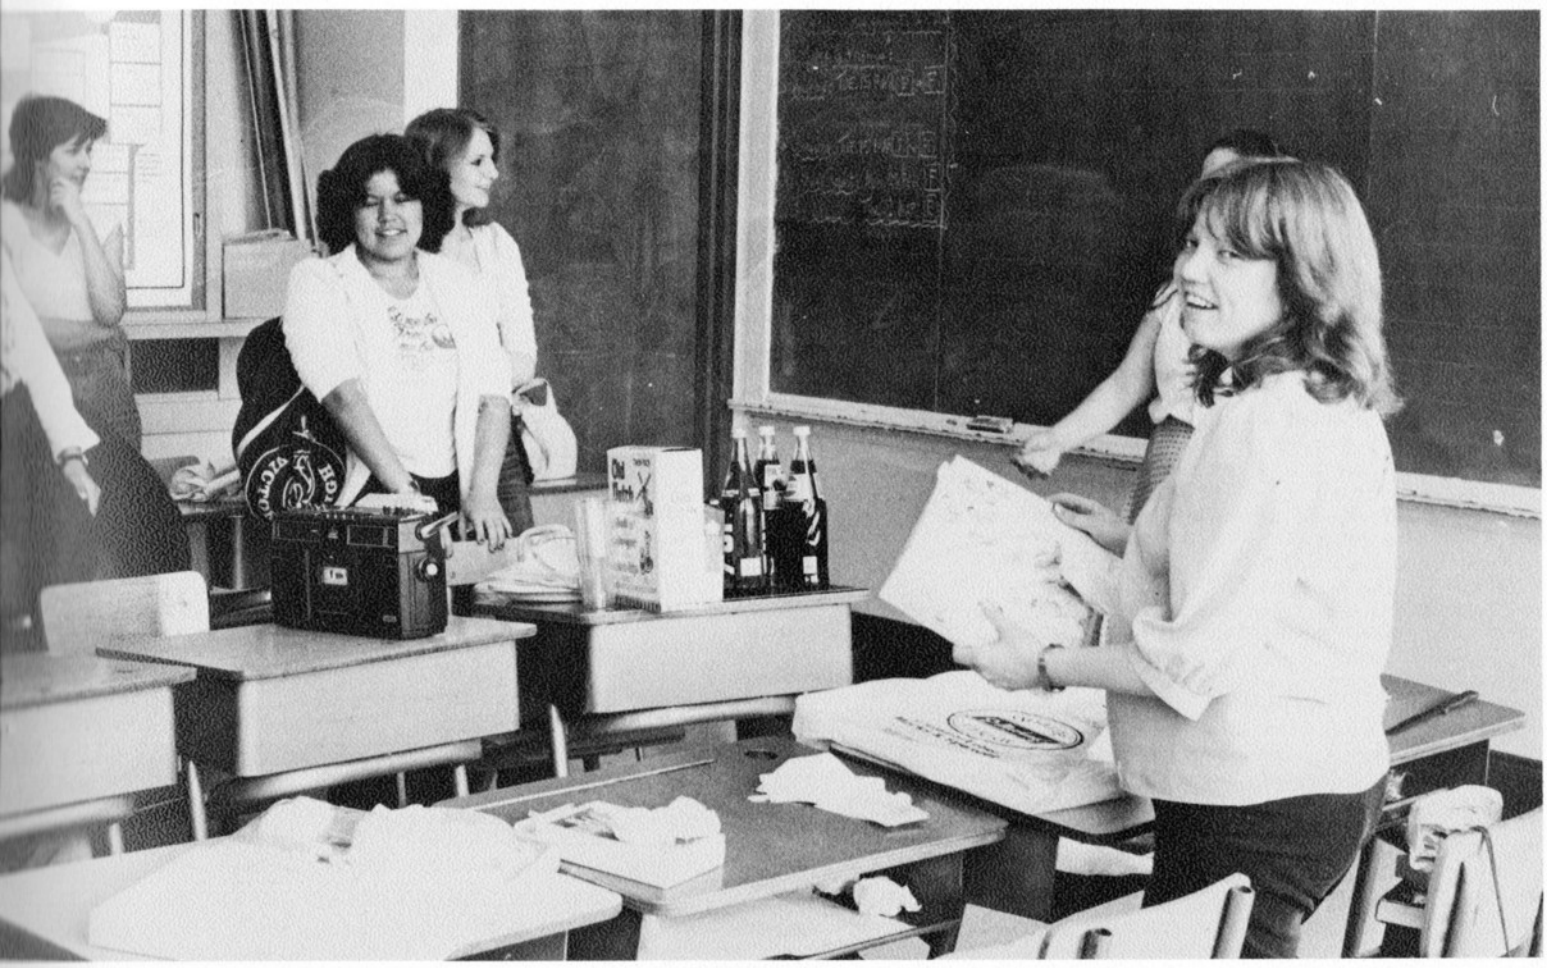
CINDY ALLISON: Cindy left us early in the year. We hope she does well.
LISA BOURQUOI: Lisa also left us early this year. Good luck.
MONICA CHEN: Good luck Monica, we hope your stay at Vic High was a happy one.
MIKE DAMKE: Mike's writing was very hard to read, we almost put him under the V's. Good luck Mike.
JANE DUMAS: Jane wants to be a marine biologist, someday. We hope you achieve your goal, Jane.
GARY DUNN: Gary was really into partying and fixing up his volkswagen beatle. Good luck in the future.
BLAINE FRASER: Blaine could be seen in the auto shops a lot of the time, this year. Lots of luck to you, Blaine.
BRENDON IRVINE: Brendon's most memorable moment was getting out of school to go to court.(??)
KAREN LIVINGSTON: Karen was involved in the Calamity Players club this year and wishes the undergrads luck in the future.
RICHARD MOREAU: We regret that we couldn't find out too much about Richard, but we wish him the best of luck for the future.
BOB PAGE: Bob could usually be seen working on cars or driving around with R.R. and G.B.
DAVE SCOTT: "Stretch" got his nickname, from, you guessed it, being short and a basketball star.

GLENN FULLER: Glenn likes the parties and the girls at Vic High. He was involved with the rugby team and Miss Camosun, which was his most memorable moment at Vic High. "Flipper" plans to become a chief and make lots of money. His perfect ten is the ever popular D.G. (Doesn't she give anybody else a chance?) His advice to the undergrads is to keep Vic High number one.
SHELLY JOUDREY: Shelly enjoyed her stay at Vic High and claims she liked the parties the most. Shelly says her perfect ten is M.G. and her most vivid memory was spending her first term in Mr. Higgs office with Christina. Shelly's plans for the future include sleeping in PAST 8:30 and her advice to the future grads is to keep up the spirit.
PAUL MAEZZI: Paul likes the courses at Vic High but dislikes how cold it is in the school. His hobbies are snorkeling and swimming and he was involved in physics and electronics this year. His most memorable moment will be graduation and he plans to be a technologist and own his own electronics company. His idea of a perfect ten is any blonde 8 who says "yes".
DAVID PAULE: "Apple Jack" likes the IE shops but dislikes the main building. His hobbies are working on cars and racing. His most memorable moment at Vic High was meeting his girlfriend and, of course, his perfect 10 is Lynn. His plan for the future is studying automotive at Camosun and his advice to undergrads: "it's a drag but the last year's fun."

BILL PENHALLURICK: Bill says that there is no such thing as a perfect ten. His most memorable moment at Vic High was quitting 2 years ago, but then he decided to come back to get more credits and to "get it over with". In the future, Bill is going to try to graduate so he can get out of this school. Good luck, Bill.
DAN REED: Dan likes Vic High because you can spell the name easily, but he dislikes all the stairs. His hobbies are shipbuilding, insect collecting and botany. He claims that he goes to school to fulfill the goal of his nation. His perfect ten is Idi Amin. His plans for the future are to build a nuclear bomb and create a nuclear havoc. His advice to the undergrads is "give 'er" (??).
DAVE REED: Dave wouldn't tell us his nickname, but he likes the auto shop and the girls of Vic High. He says he dislikes Vic High because it's too far from his house, but his hobbies include cars, so what are you complaining about, Dave?? Dave says he admires his looks, his personality, charm and most of all, his modesty. Dave's advice to undergrads is "get out while you can".
RANDY STANTON: Randy enjoys getting out of school at 2:30 but hates the 1 hour lunch. His hobbies include sports and fishing and it would seem that girl watching was not among them as he has no perfect ten. Randy plans to "make it" in the future and advises the undergrads to "get involved, time will go faster." Good luck, Randy.



RON SHARCOTT: Ron enjoyed his stay at Vic High although he didn't have very much to say to us for his last words. He doesn't have a perfect 10, but he says he is still looking (so watch out girls.) Good Luck, Ron!
RAYMOND SLATER: Raymond wasn't involved in very much during this school. He isn't quite sure who is his perfect 10 is, but he says any 10 who is alone is sure to be his.
PENNY STANIFORTH: Penny got her nickname "Pinhead" from Brusco. She likes the parking lot parties at VHS. Her hobbies are to party and party all night long. Her perfect 10 is P.S. Good luck, Penny, in your future!
NICOLE TANGUAY: Nicole was one of the unfortunate ones which didn't hand in her questionnaire. We did find out though that she was not involved in anything during this school year. Good Luck!
DARRYL THOMPSON: "Alcoholic" spends much of his time doing his hobby, partying Monday through Sunday. Darryl came to VHS mainly for the shop courses. Darryl's advice is "keep working and don't screw up!"
STEVE VAN MAANEN: "P.V." likes the parking lot, but dislikes the classes at Vic High. Steve doesn't know why he's going to school, but he hopes to sometime work for Pink Floyd. Steve, you're just another brick in the wall.
LEA WILLET: Lea didn't hand in his questionnaire but we managed to find out that he could be found wandering around either through the halls or out in the parking lot. Good Luck, Lea!
DARIN WONG: Darin has left us pretty well speechless about what he plans to do in his future. Lots of luck, Darin.
ALLEN WRIGHT: Allen did not have to say very much about himself except that he was not involved in anything this year (except for going to his classes). Good Luck, Allen, with whatever you do.



"Come and join in the festivities."

Students' Association tries desperately to generate school spirit.

Safety in numbers.

This year's Students Council tried hard to generate some Vic High spirit. Under the leadership of Mrs. Egan and Mr. Camp, the Council sponsored many fine activities. There was the successful Christmas dance, hot-dog day, Candygrams, 2 ski trips, and the Battle of the Bands. Perhaps the most important accomplishment of the group was the raising of over 100 dollars for this year's Timmy's Telethon. This year's Executive Council was made up of; Tammy Bhandar, President; Marilyn Roos, Vice-President; Heidi Slat, Treasurer; and Maureen Vipond, Secretary. The Directors were: Jason Won, External Affairs; Kathy Visy, Clubs; Ken March, Athletics; Joanne Chu, Internal Affairs; and Francine Pesek, Social Affairs.

Our dedicated executives.

Prez' Message

I, along with my Student's Council, have experienced much this past year. Some experiences were rewarding and others were not so rewarding, but all in all, it has been as great a year as I hoped it would have been. How quickly it passed is positive proof of that. Much of the credit goes to the Student's Council, not just the Executive, but the general council, too. Together, we have made the year a complete one. Definite gratitude must go to Mrs. Egan and Mr. Camp, our sponsors, and to Mr. Lowther, Mr. Higgs and the office staff for all their help and guidance. I hope that this year was as favorable for you as it was for me.

Cafeteria Cooks

The Cafeteria was only open at lunch this year. The "cooks" prepared tasty lunches for the students who dared to eat them. The great cooks consisted of: Janice McDonald, Edna Carlson, Carolin and Kathy Crawford, Heather Gilmore, Sally Smith, Liduina Galego, Dinah Robinson, and Shawna Beamish. Mrs. Peggs was the teacher and Miss DeJong was the supervisor.

Editor's Message

This past year has been a most memorable one for me. It has been full of many challenges; challenges that have made the time pass by extremely fast. Without the many hours of work put into this book by our dedicated staff, assistance from the Photography Club and the artistic talents of Damon Johnson, this year's edition of the Camosun would not have been possible; so I would like to thank them all. I would also like to express my extreme gratitude to Mr. Chan, for without his help and guidance, I would not have made it this far. I hope you enjoy this year's yearbook as much as we enjoyed producing it.

All lit up.

Rolling our own.

Photography Folks

Again this year the Photography Club worked closely with the Writing 11A class in the development and production of this yearbook. Special thanks go to the sponsor, Mr. Chan. Some of the club members gained alot of invaluable experience this year. The Photo Club members hope that everyone enjoys this book as much as they had in taking the photos. Extra special thanks are also extended to Mary Mok (who took most of the pictures in this book). The active members are Tommy Lum, Lisa Lee, Mary Mok, and Mr. B. Chan. The President of the club, David English, missed the club photo (He was downtown having DIM SUM).

The 10th Annual Miss Camosun Contest.

On November 7, the Miss Camosun contest was held to gain recognition for the Camosun Yearbook. Contestants, including Trent Garner, Pat Florian, Rob McDonough, Takie Niketas, Jim Porcellato, Mike Turnbull, Glenn Fuller, Cam Martin and Kevin Berg, competed in the areas of formal wear, swimwear and answered a skill testing question. All the contestants faired well but this year's winner was Miss Turtle (Kevin Berg).

Hallowe'en Antics

This year we had a lot of support for our Hallowe'en Costume Contest, which was held by Student's Council. The costumes varied from the traditional clown outfit to a most original idea, a pregnant nun. The contest was open to all students and was a lot of fun for everyone who participated.

Following the Christmas assembly, our Student's Council sponsored an 'ALL THE HOTDOGS YOU CAN EAT' day. It was a lot of fun and we were allowed to go back as many times as we could for more food and soft drinks. This was the second such event this year being preceded by a Pancake Breakfast held in October. This year's Student's Association has certainly done it's share of putting extra pounds on the students that are participating in these events.

This year's dance was a successful event held by Student's Council. Presented just before Christmas, it was a fine send off for the last school days of 1982. Fortunately, the turnout was good and everyone had a good time. The Valentine's Dance however didn't fair as well.

For Who the bell tolls: 55,000 fans say goodbye

by Jane Cartwright

About a hundred students from Victoria High School went to Seattle last October 20 to see the final show produced by the Who. They performed in front of 55,000 fans in the Kingdome and put on an excellent show. With the powerful voice of Roger Daltry, John Entwisle on bass, the dynamic drum playing by Kenny Jones, and of course, the lead guitarist, Pete Townsend doing scissor leaps and jumps across the stage while windmill strumming his instrument, everyone rocked in their seats. Even though it was their last performance everyone hopes they will return once again to charm their audiences.

A good effort by Tyees.

The team had a good season and narrowly missed making the B.C. Championships. Unfortunately Mohammed 'The Wall' Elewonibi did not play the final 1¼ games and Jeff Plecas lost his goal scoring touch at the crucial time. These players, together with Peter DeGroot and Gary Frechette, were the outstanding players on the team.

Record: Won 6, Tied 3, Lost 3.

Tsasquatches number 1 in city!

This year's Tsasquatches consisted of veterans with one import; Les Bekesza the "The Polish Hammer" lead the Tsasquatches to a 14-1 win-loss record and a city title. After a very impressive season the team was off to Nanaimo for the Island finals, where they placed second to Esquimalt by only 1 point. The Tsasquatches gained a birth in the B.C. Championships, packed their bags and headed to Prince George. At the end of three days of grueling competition the Tsasquatches placed seventh in B.C. and were voted the "Most Sportsman-like team" Willard Dong was selected to the second All-Star team. Well Done Guys! This year's team would like to thank Mr. Paone for always being there and providing moral support when the team needed it the most. Last, but certainly not least the team would like to thank Janet Hough for her dedicated coaching and wealth of volleyball facts. The team consisted of: Back Row (L. to R.): Jim Petruzzelli, Takie Niketas, Jason Won, Ken Lui, Willard Dong, Morris Lee, Mr. Paone, Janet Hough (coach). Front Row (L. to R.): Tom Sawyer, Les Bekesza, Trent Garner, Tony Philip, Pip Charsley.

Third in city for the Tikis.

The Vic High girls' volleyball team consisted of; Sue Haisell — captain, Brenda Butler, Diane Thimsen, Karla Wenzel, Sherry Beastall, Kathy Robinson, Renata Sielecki, Heather Bermingham, Jessica Gillingham and Marilyn Roos. The coach was Mrs. Egan.

This year was a rebuilding year for most of the girls and we hope to see them all out next year in full swing.

The team placed respectively high in the city finals; finishing with third place, just behind Mt. Doug and Spectrum. The Island finals were held at UVic. and the girls worked hard to come out in 6th place. As well as the league play, the Tikis participated in many outside tournaments. They also hosted the annual Vic High Volleyball Tournament.

Congratulations is well-deserved to the Tikis on a successful season of play. Good luck next year!

Super Set, Sue.

A great beginning for Tyettes.

This year's edition of the Vic High Girls' Soccer Team was a most enthusiastic, dedicated, and talented one. The girls competed in Division 2 and although they played only two games at press time (winning both), an extremely competitive team is expected. The girls always worked hard and most importantly they had fun. They were a great source of pride for Vic High. The team was coached by Mr. Wallace.

Second in the Lower Islands for the Totems

The Totems rebounded from a winless season in 1982, with a very successful season in 1983. They finished in second place with a 6-2 won-loss record.

They also placed second in the Lower Island Tournament. In the Island Tournament, John Rados and Moe Elewonibi were selected to the second all-star team. Back Row (L. to R.): Trent Garner, John Mensink, Moe Elewonibi, Joe Horrocks, John Rados. Front Row: Mr. Valdal, Victor Lui, Jim Porcellata, Sean Gorman, Ken Lui, and Tom Sawyer.

Track and Field

This year's Track and Field team was off to an early start as compared to usual. Dedicated runners began training in early January in preparation for the March-June competitions. Most athletes had their sights set on the City, Islands, and Provincial T&F Championships. The increased interest, participation, and evidence of talent means Vic High can expect an excellent representation in the school competitions; and, hopefully, even a few outstanding victories.

L. to R.: Martin Havelka, Jim Slater, George Urbaniak, Willard Dong, Moe Elewonibi, Tom Sawyer, Takie Niketas, Mr. Strickland, Bill Robertson, Andrew Kuzminksi. Quite a few other members missed the photo.

Re-established Rugby Team struggles towards victory.

The tradition of playing rugby at Vic High continues to be in jeopardy this year. We are still fielding a team despite the fact that most players have never played before. We do get by reasonably well, despite the handicap and hope that the situation will improve with the re-establishment of a team at Central Junior.

A great deal of credit is due to the persistance of our guys to overcome these problems and to do the best they can. League play is schedules later in the term this year, so it is difficult with only two league games to assess our eventual league standings.

In the eleven team league, we are working to finish anywhere from 5th to 8th and thereby qualify for the playoffs toward the Col. Hodgkins Cup. (This writeup was submitted for printing in late March.)

Roster:

Hookers — Gordon Moseley, Props — Brad Foto, Brian Beastall, Brian Champoux. Locks — Trent Garner, Tony Paradis, Doug Mont. Flankers — Darryl Pearson, John Mensink, Mike Turnbull, Ken March. 8th Man — Kris Simard, Kevin Berg, Wade Hrappstead. Scrum ½ — Sean Gorman, Vic Lui. Fly ½ — Larry Stovel. Centers — Jim Porcellato, Jeff Plecas, Ken Smith. Wings — Alex Dworak, Rick Fillion, Glen Woolford. Fullback — Jim Petruzzelli. Coaches — Tillman Briggs and Mother Hubbard.

Rhonda's Escape Plan

After a short absence from the inter-high school Basketball scene, Vic High girls made a good start on a rebounding programme.

After struggling through preseason practices with a shortage of players, Mr. Unwin's dribble and giggle girls opened their season by winning one of the three preseason games.

The high school league featured a first place race between Spectrum and Mt. Doug, and close scoring games with Vic High, Belmont, and Oak Bay. The Tigers finished in a record of 3 wins and 5 losses. There were no playoffs held due to the shortened school year.

The team was sparked by high-scoring Rhonda Marshall and hard-working Carolin Crawford. A-come from behind-win over Oak Bay on a last-second long shot by Lisa Littlechief, highlighted the season.

Back Row (L. to R.): Lisa Littlechief, Tracey Webster Cindy Pascuzzi, Rhonda Marshall, Wendy Robinson. Front Row: Kathy Crawford, Linda Lee, Paige Munro, Mr. Unwin.

Thunderbirds Take Tenth in B.C.'s Again

The Team and the Club sponsored and coached by Mr. Higgs.

Vic High's 'Thunderbird' Badminton Team competed with eight high school teams from districts 61, 62, and 63, and two independent school teams. Losing only two matches, the team completed league play with a total of 16 out of a possible twenty points — tied for second place with Spectrum. Mount Doug placed first. In the playoff's, Vic High lost to Spectrum by a very narrow margin (6-5) and placed third. As the winner, Mt. Doug was unable to send a team to the Provincial Championships in North Vancouver on March 25, 26. Sixteen teams from all over B.C. took part in the Provincial Championships. In the round series, Vic High placed third in the 'Green' section, Spectrum placed third in the 'Yellow'. In the playoffs, after defeating Golden (6-5) and Spectrum (6-5), and losing to Kelly Road Secondary from Prince George (4-7), the Thunderbirds placed tenth.

The competition was fast and furious.

Among these strong students were: Takie Niketas, Tom Sawyer, Francy Pesek, Henry Thom, Sandy Thompson, Donna Spence, Ariana Turner, Linda Davison and a graduate from Vic High last year, Alton Davis.

Video Club

What was the best way to get indigestion at Vic High? Join the Video Club, of course. Twenty or more movie freaks gulped their lunch while watching horror films in room 206 for the past year. Four or five students were the movies pickers from a list of over four hundred films. They watched one movie a week and it succeeded for two or three noon hours. Some of the selections were: The Shining, Airplane, Poltergeist, Stripes and many more. Club members who worked on the ticket sales, operated the video recorder and selected movies were: Colin Richards, Damon Johnson, Harvey Chow, Lorne Blenner-Hassett, Roland Mark, Peter Dunlop, Craig Chan, Tyler Johnson and Stephen Dorsey. Mr. L. Owen was the sponsor.

Jazz Dance

The dancers worked very hard everyday after school for 2 to 3 hours. They rehearsed a hat and cane Broadway number that was a smash when they put it on before an evening audience on Dec. 17. They had to stop the group, unfortunately, in January because the sponsor/instructor couldn't make the rehearsal schedule anymore. Nevertheless, they put on a good show. The dancers included: (L. to R.) Sandi Grant (instructor), Karen Livingston, Leanne Stovel, Kim Jaundrew, Joseph Kayal, Yachiyo Sato, Sophia Chow, Heather Nelson and Kim Lorimer.

Vic High's Outdoors Club — "The Boonie Bashers".

This years president was Kim Nesbitt and the sponsors were, Misters B. Somers, F. Sedgwick, A. Paone, and R. Kent. During 1982-83 this club will have gone on 6 overnight outings. These trips involve camping, hiking, and canoeing. The club also had day trips involving pistol and rifle shooting, archery and canoe racing. The year end trip this year was to Cape Scott on a five day hiking and camping trip. In the club were: (L. to R.) Mr. Kent, Brian Cohoon, Karla Wenzel, Kim Nesbitt, Jason Brown, Trevor Bradbury, Pete Deelman, Rob Kern, Mr. Paone, Shannon Greenside, Barb Grant.

Sailing

The Sailing Club had three 9-foot sailing dinghies which were used at Willows Beach and Elk Lake. The Club also sailed with various staff members who had larger sailboats. In the Club were: (L. to R.) Mr. Kent, Jennifer Gillingham, Jessie Gillingham, Darryl Chen, George Urbaniak, Martin Havelka (President), Tony Roos, Mr. Packford.

S.K.Y. Club

The S.K.Y. (Special Kiwanis Youth) is a group of students who work with old people and young handicapped people. Students in the club have worked at Kiwanis Villa where they have helped the residents, while another group worked with children in the Leisure Time Activity at G. R. Pearkes Center. Since Christmas these students have worked at the Queen Alexandra's Hospital for Sick Children. In the S.K.Y. Club were: Ken March, Serina Labh, Jenny Hanson, Michelle Lalonde and Tracy Gratton. This worthwhile club was sponsored by Mr. McHugh.

A challenge . . .

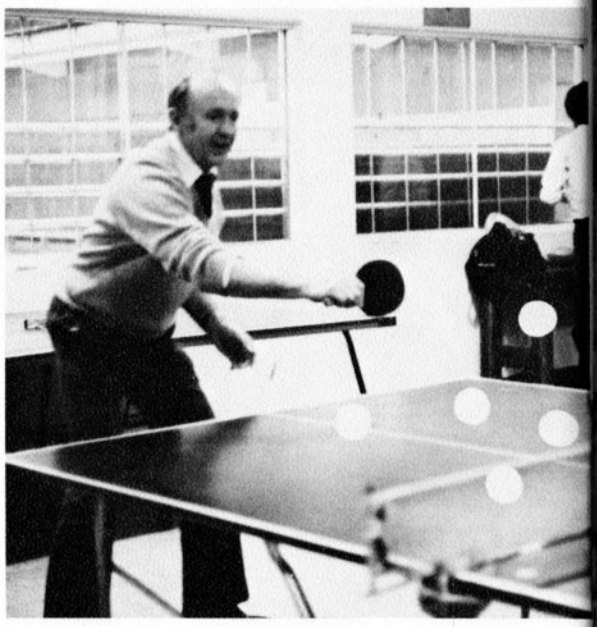
Chess Club

This year's President was Tyler Johnson and the club sponsor was Mr. J. T. Chell. A small but enthusiastic group met nearly every lunch hour for most of the year to risk their latest chess strategies. Vic High won this years inter-school chess tournament retaining the Bains-Lewis shield. Playing on the Vic High team were: Rob Lee, Tyler Johnson, Damon Johnson, Ken Lui, Nick Schut, David Chan, Willard Dong, Jason Lee.

Calamity Players

This year, The Calamity Club met about every 2 weeks to discuss skits for upcoming assemblies. They also worked with various acting groups around the community. Members included: Jade Hilborn, Rob Barber, Lisa Coles, Patsy Porisky, Darren Hooson, and Mary Harrison.



"Hey, one at a time!"

Vic High's Rock Band

For the first time in our history, a new school Rock Band was created. Sponsored by Mr. Strickland, they tried desperately to generate public awareness. Members included: Don McHardie, Mary Harrison, Karen Trupp, Jade Hilborn, Rob Barber, Petr Prusa, and Damon Johnson.

Give them 'A' for nerve.

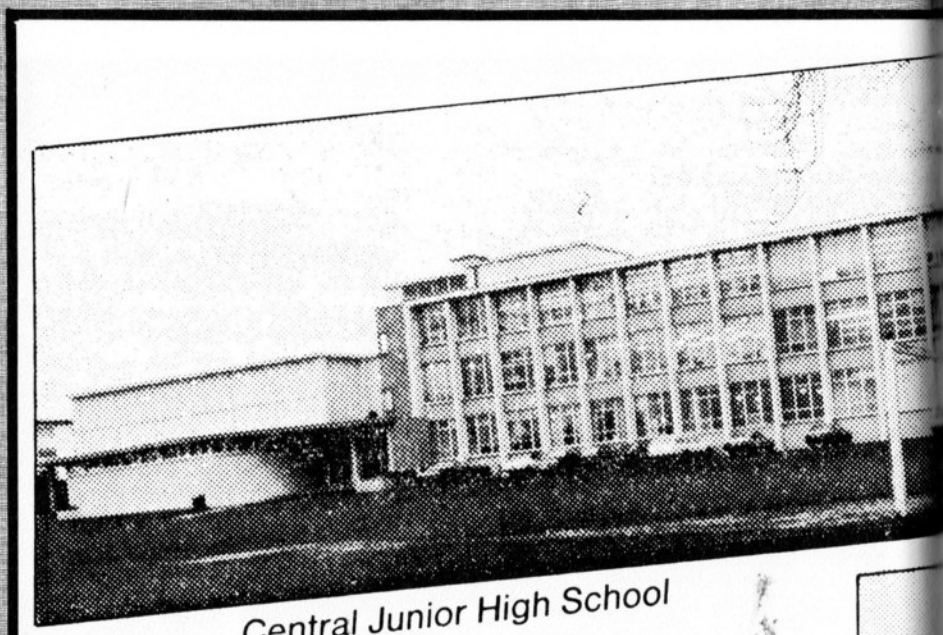
Table Tennis

With fourteen members, who paid two dollars each for the Vic High Table Tennis club, we formed a team. We hope to get other schools involved in the future. In the mean time we had a championship between the players of our club. Limited by the number of tables, we still had fun. As one of the oldest V. H. S. clubs, we expect it to continue. It has been a pleasure working with a group of people so cooperative and responsible. In the club were: (L. to R.) Phillip Ngan, Gord O'young, Lorne Blenner-Hasset, W. Ashwell, Colin Richards, Ross Parker, Harvey Chow, and Roland Mark. (Written by the sponsor Mr. Ashwell)

Discussing the issues.

Christian Club

Every two or so weeks, the Christian Club met in room 200 at lunch. The discussions were about different Christian beliefs, Christians in todays society and how they felt about current events. In the Christian club were: Sue Haisell, Rob Barber, Sponsor — Mr. Ashwell, Peter Reynolds, Bruce McKnight, and Sandi Clay (Guest).



Central Junior High School

It hurts but

The past year has been a vital part of the history of Vic High. A major decision was made concerning the closure of either Victoria High, S. J. Willis, or Central Junior, but, fortunately, we are not the ones to be forced to close down in June. Without the help from outspoken parents and trustees, we could have been the ones to be given the inflation hatchet. If it had been us, who knows what could have happened to everyone affiliated with this good old school. Many of the students remaining would not have returned to school and many of our excellent teaching staff would have been left jobless, not to mention the problems that would have arisen with the relocation of the daycare center. Thank goodness we were not the ones to get axed. Alot of history and tradition could have been lost.

The committee last July came down in favor of closing S.J. or VHS.

"Many of us were in favor of keeping all three open to meet the needs of each school's community," reported committee chairman Tom Arkell, who urged trustees to make an early decision to end harmful uncertainties.

All three schools offer core curriculum, as well as special programs.

VHS attracts students from all over the district to its Fairey Tech courses, which offers career preparation programs in mechanics, carpentry, sheet metal, metal fabrication, machine shop, electronics and industrial electricity. The shops are also used for elective programs for academic students.

The school enrols 769 students, including 67 who do not speak English yet and attend special English as a second language course.

Says principal Jack Lowther: "This is an ideal school for that program because we have students in regular classes from just about every country in the world. They are more comfortable here than in a school that enrols mostly middle class, white students."

Many VHS grads, including former provincial secretary Laurie Wallace and Victoria MLA Charles Barber, say it's unthinkable to close the school, and put an end to its 100-year history.

BIGGER is better, more students equal more programs, say educators, but at Vic High and S.J. Willis students have variety and want to keep their schools. Fairey Tech career programs are feature of VHS. Sean Bateman, Dave Roed, and Don Mayhew (left) do a tune-up while Stephen Black and Michael Brown (above) work on lathe. Optional programs at SJW include gardening (top right). Tim Gottfriedson and Rennie Nouta take cuttings.

Vic High . . . A place to be proud of.

There is so much at Vic High to be proud of. People like our exceptional athletes, mechanically inclined and faithful tech. students, members of the wide variety of clubs and those who try their best to accomplish their dreams, make Vic High what it is. All of these people, combined with the long history of this building make our school a colorful place to be. Who cares about what the other schools think; it's what OUR people think that matters. Vic High — It's ours, be proud of it.

Here in school

Times went by in school
Yesterday we were opening the main doors
of memories gone by.
There was so much excitement behind each
door
The first moment of finding where your
place was
What's your name?
Those introductions
Those disruptions
Opening those books
getting those second looks
There goes that bell
Everyone march for the door
It's another pass of the ball
run for it!
Now don't do that
Time has come now to make the decision of
pass or fail
In this corner grade twelve winning the
fight and the right to graduate. ***Debbie Graves***

Old but by no means dead;
The minds still wonder through the halls

Is what we love about Vic High.
